THE ARTIST

About Mako Birkeli

Mako Birkeli is the artist name of Maiko Birkadze. She was born in 1959 in the village of Tskhamukha and grew up in Samtredia, where she finished school before going on to study at the Agricultural Institute. She lives and works in Tbilisi.

She never trained at an art academy. Painting became central to her life in 2014, when she realised it was worth giving everything else up for.

She has had several solo exhibitions and has taken part in many group shows. Her paintings appear in catalogues from several publishers, her work is held by the Natela Iankoshvili Museum, and many of her paintings are in private collections in Europe and America.
